2018 Forestry

Bargaining Update #29

April 8, 2019

Northern USW Members Accept Proposed Agreement by Slim Majority

The northern USW Local has not provided official communication, however we have been informed that, although rejected by several northern operations, the agreement did pass overall by an extremely slim margin.

We have contacted the Labour Board Mediator and requested that the IFLRA return to mediation. We have been tentatively advised the parties will reconvene May 6th to 9th in Kelowna BC.

USW Local 1-417 strongly believes in transparent communication with our members. All 29 bargaining bulletins are accessible on the USW 1-417 webpage. We also continue to Text Blast contract updates to our members who have signed up. Please contact the local office as noted below with your name and operation to be added.

We intend to take all steps necessary to conclude a fair collective agreement at the IFLRA!
